

BHADRAVATI HOME

# Warm Contemporary Minimalism

## FINAL Interior Design Package

First-floor studio · Bhadravati, Karnataka

Client handoff · Design control (not fabrication-approved)

*Living — social zone (daylight concept)*

Generated 2026-08-11 · Dual paint schemes A/B · live gallery toggle · coordination: integration\_complete

# 1. Design direction summary

The home will feel calm, practical, and locally believable — not a pale decorative showroom and not textbook Japandi. Architecture and usable circulation come before styling.

**Problems solved:** dust/smoke visibility; hard-water streaking; monsoon humidity at wet joinery; glare under strong daylight; repairability; and prior visual QA failures (wrong openings, flipped kitchen, invented cabinetry, false gloss, unsafe clearances, climate-mismatched props).

## Non-negotiables

- Existing **black granite** kitchen remains; **shutters only**.
- Kitchen base + drawers + loft = **Century S1241 MT Latte** only.
- Hardware = **brushed stainless recessed** pulls (J-pull / finger-pull) — no projecting bars.
- Lighting = **3000 K** warm-neutral baseline; finishes = **matte / low-sheen**.
- No TV feature wall, island, L-kitchen flip, gold strips, slatted Japandi props, or gloss laminates.

## Concept decision

| Concept                                                                    | Decision                  |
|----------------------------------------------------------------------------|---------------------------|
| A — Warm Contemporary Minimalism (NN9074 + Latte kitchen + Idria wardrobe) | <b>FINAL</b>              |
| B — Textbook Japandi                                                       | Reject as governing style |
| C — Dual-tone kitchen / lighter default walls                              | Reject                    |

Studio relationship (plan evidence only):  $\approx 21 \times 18 \text{ ft (6401} \times \text{5486 mm)}$ . Zones: Bedroom SW · Living S-centre · Kitchen SE · Bathroom NW · Wardrobe N-centre · Study NE.

## 2. Locked palette & finishes

Two locked **paint schemes** for walls/ceilings; laminates and hardware stay constant. The live gallery at GitHub Pages includes a sticky **Paint scheme** toggle (Scheme A / Scheme B) — preference persists in localStorage; URL hashes **#scheme-a** / **#scheme-b** also work. Screen hex values are approximate — approve physical chips beside granite under morning / afternoon / 3000 K light.

|                                                                                   |                                                                                   |                                                                                   |                                                                                    |                                                                                     |

Palette board (locked codes)

### 3. Key dimensions — K-01 / W-01

Clear openings are the design baseline until a signed site measure supersedes them. Granite thickness conflict on drawing (1.50 in vs 15 mm) — measure stone on site.

#### Kitchen register (K-01)

| Item                          | in           | mm               |
|-------------------------------|--------------|------------------|
| Module width                  | 106.00       | 2692             |
| Ref. wall width               | 220.00       | 5588             |
| Floor → loft underside        | 102.00       | 2591             |
| Loft → lower shelf underside  | 48.00        | 1219             |
| Shelf underside → counter top | 23.00        | 584              |
| Floor → counter top           | 31.00        | 787              |

| B1 / B2 / B3 clear            | 48 / 36 / 18 | 1219 / 914 / 457 |

#### Wardrobe register (W-01)

| Item                     | in                             | mm                          |
|--------------------------|--------------------------------|-----------------------------|
| Clear W × H × D          | 54 × 90 × 19.20                | 1372 × 2286 × 488           |
| Left / partition / right | 21 / 0.59 / 32.41              | 533 / 15 / 823              |
| Three vertical leaves    | 1 single + 1 double            | <b>457 / 457 / 458</b>      |
| Left openings T→B        | 12 + 4×19.5                    | 305 + 4×495                 |
| Right stack              | 12 / 39 hang / 9.5 / 12 / 17.5 | 305 / 991 / 241 / 305 / 445 |

Circulation targets: primary 900–1200 mm · secondary 600–900 mm · sofa–coffee 450–500 mm · bed sides ≥600 mm · wardrobe standing clear ≥600 mm (prefer 900 if primary aisle).

4. Floor plan

Scale-true dimensioned floor plan (relational; not a cut sheet)

## 5. Living — concept views

---

*Living — social zone, daylight*

*Living — from TV toward sofa*

## 6. Kitchen — granite + Latte shutters

Existing black granite retained. All shutters Century S1241 MT Latte with recessed brushed stainless pulls.

*Kitchen — granite with Latte shutters*

*Kitchen — from fridge along run*

## 7. Paint schemes A vs B (side-by-side)

**Scheme A** (default): walls **NN9074** Puddle of Grey + ceiling **WW0005** White Linen. **Scheme B**: walls **NN9088** Ecu Tint + ceiling **WW0020** Virgin White. Joinery (Latte shutters, Idria / fluted options, recessed SS) is identical. Compare live in the gallery paint-scheme toggle; approve chips on site before ordering.

*A · Living — social zone*

*B · Living — social zone*

*A · Kitchen — granite + Latte*

*B · Kitchen — granite + Latte*

## 8. Wardrobe options A / B (3-door)

Locked: three vertical leaves (1 single + 1 double), widths **457 / 457 / 458 mm** inside clear **1372 × 2286 × 488 mm**.  
Recessed pulls only. Client chooses face Option A or B after sample review.

*Option A — Aluminium frame + fluted glass*

*Option B — Plywood / Idria face*

*Bedroom continuity — three-door plywood wardrobe*

## 9. Next 3 actions & site-measure residuals

### 1. Sign the site-measure sheet

Kitchen, wardrobe niche, and all openings — photograph tape end-to-end. Resolves granite thickness conflict and any PDF/photo dimension disagreements.

### 2. Approve the physical sample board

Scheme A chips **NN9074 + WW0005** and Scheme B chips **NN9088 + WW0020**, plus S1241 MT Latte, 84689 SU Idria (or plywood Option B), 80236 DW, E3 edges, recessed brushed SS — beside granite under morning / afternoon / 3000 K. Choose paint scheme and wardrobe Option A or B.

### 3. Lock fabricator shop drawings + quotation

One kitchen laminate, three wardrobe leaves (single + double, 457/457/458), board grades, edges, recessed hardware, service access — then commission plan-faithful visuals from locked geometry only.

### Site-measure residuals

- Confirm K-01 / W-01 clear openings on site (supersede drawing baseline if different).
- Measure existing granite thickness (drawing conflict: 1.50 in vs 15 mm).
- Verify window/door sizes — prior PDFs may conflict; do not invent dimensions from photos.
- Confirm kitchen orientation (sink under window, fridge right, single wall).
- Photograph tape measures end-to-end for audit trail.

**Important:** Images and diagrams are conceptual. This package is design-control only — not fabrication-approved until signed site measure and physical sample approval.
